Treasurer's report:

Approximate amount raised at last Airborne meet - \$1,500.00
This brings the total amount the booster club has to approximately \$3,300.00

President's report:

Lincoln began the meeting by opening the floor for ideas on how to use the money that the booster club has raised. The ideas presented were purchasing bleachers, purchasing electronic scoring, purchasing foam for our future floor level pit, defraying the cost of next year's competition and defraying the cost of camp for gymnasts.

Dan gave details on purchasing bleachers.
Lincoln gave details on purchasing a scoring system.
Danny gave details on purchasing foam for a new pit.

There was a discussion on how to distribute funds if we choose to defray costs for gymnasts. This included the possibility of amounts reflecting hours of volunteer participation by parents.

Coach's report:

Danny will be at Flip Fest summer camp August 5-10. Please make plans for your boys to attend that session (week 10) if they are going to camp this year.
Danny asked that we not purchase bleachers at this time. He really likes the idea of having a scoring system and thinks it could pay for itself or even make money over time if we rent it out.

Fundraiser report:

Several people have suggested different fund raising possibilities. Two were reported on at this meeting. Canopy Car wash will donate certificates to be raffled or sold as we

choose. Greenville Drive will not work out because they require a bigger commitment of people and hours than we can provide.

Next booster meeting:

The next meeting will be held on Monday Feb 26th at 6:00pm. We will be presenting again the details of the ideas for using the money and then voting on how it will be used. You must attend the meeting to vote. Also, if you are heading up a fundraiser, please come prepared to give the details of that. If you have an idea for a fundraiser and are willing to head it up please come ready to present your idea.
